

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 24, 1995

SUBJECT: **SB 768 - HB 1271**

This bill, if enacted, will exclude contractors from alarm systems licensing requirements, if such contractors derive less than 45% (current law is 50%) of their gross annual revenues from direct sales, monitoring installation and/or maintenance services of alarm systems.

The fiscal impact from enactment of this bill is estimated to be an increase in state revenues due to the additional number of contractors who will have to be licensed who would not otherwise have been required to be licensed in absence of the bill. Such increase in state revenues cannot reasonably be determined but is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
